## **Introduction**

The political process in the Kurdistan Region of Iraq (KRG) is going through a dreadful period; the region is facing many crises, including fighting ISIS- as an external thrust-, the breaking down of its relation with the central government, cutting the region's budget by the central government, which led to budget crisis and unpaid salaries of the civil servants. The issue of illegitimate extended presidency-term has caused political crisis as well. The impediment of the Kurdistan Region of Iraq's (KR-I) Parliament has widened the political gaps. Blocking the access of the Parliament Speaker into entering Erbil and preventing him from fulfilling his duties; removing permits from ministers' on the Change Movements list and replacing them with interim ministers has deepened the crisis. The situation has negatively affected the citizens of the region (KR-I) and it also lead to the backwardness of the political process of the KR-I and distortion of KRG's political reputation.

This report, which is the fifth report, includes information on the parliaments works/activities; Pay Insitiue for Education and Development has been registered in KR-I under the non-governmental organizations' law (number 1 of 2011) of Kurdistan Region of Iraq. Under the parliament's guidelines "collaboration and development amongst public powers and non-governmental organizations" (number 5 of 2013) we are entailed to receive information and to be supported in fulfilling our duties of monitoring the parliament. The aim of this project is to monitor the parliament's works/activities to strengthen the role of the parliament in overcoming the entire crisis KRG is dealing with, improve its role, and regaining the trust of people. Parliament should play an active role in issuing laws, monitoring the executive branch of the governing system, promoting institutionalization of the ruling system. We believe by collective effort from the civil society, the role of parliament can be more effective.

# Evaluation of the Fall Round of Parliament (September 1<sup>st</sup>, 2015-February 29<sup>th</sup>, 2016)

Parliament has three main roles: the first is legislative; the second is Monitoring the executive branch; the third is budget approval.

## **First: Legislative:**

The fall round of parliament held its first session in September 2<sup>nd</sup>, 2015, in this session the amendment of the bylaw was put in the agenda. In the 6<sup>th</sup> session (October 7<sup>th</sup>, 2015). The 7<sup>th</sup> session was scheduled for October 12<sup>th</sup>, 2015, but the session was never held. 30 out of 149 articles of the bylaw amendment discussion were voted for .Parliament hasn't held anymore session after that. The legislative branch has collapsed; no laws has been issued and/or amended.

Despite of the fact that PDK list parliament speaker's access to Erbil and prevented any parliament sessions to be held, parliament would have still collapsed because the expiration of presidency term (October 20<sup>th</sup>, 2015) would have create a vacuum in issuing and amending laws. Even if the parliament speaker hadn't been prevented access to Erbil, the parliament would have still collapse since any law that's issued should be approved by the presiden<sup>(1)</sup>- the presidency period was finished by then. The parliament should have deal with the presidency issue ahead of time so it could legitimize issuing of laws in the absence of the president.

Legally, parliament can't issue any law without the approval of the president unless the parliament speaker fills in the role of the presidency for a period of 60 days. So according to the parliament's bylaw, the parliament speaker was entitled to fill in the president's roles.<sup>(2)</sup>

Meaning that when the second term of the presidency has ended, the parliament speaker could have, legally, fill in the president's role until October 20<sup>th</sup>, 2015.

Practically, parliament has broken down since August 20<sup>th</sup>, 2015: Parliaments hasn't issued any laws, it hasn't questioned the accountability of any ministers, nor it has monitored any cases. As an example, the committee of the referendum law (number 4 of 2015) had three months to finish their work and present the outcome of their work, but it didn't happen. The committee asked to extend it to 20 more days, but no action was taken by parliament.

The project of the bylaw was presented for the parliament members to vote for since the bylaw doesn't need final approval/signature of the president, but the members showed an offensive stance on the project claiming that parliament should hold sessions on budget crises and people's needs instead of the bylaw.

---

<sup>(1)</sup> According to law 1 of 2015- Presidency Law of KR-I- in article 10 states that: the laws issues by parliament have to be reviews by president in 15 days. If not approved by president; the president will send it back to parliament to amend it.

<sup>(2)</sup> According to law -1- of 2015- Presidency Law of KR-I- article 15 states that: if there was a gap in presidency's seat, the speaker of parliament can fill in his role for a period of 60 days, after this period a new president will be elected.

**Notes on Table -3:**

1-Priliemnt had held 5 meetings in the period between September 1<sup>st</sup>, 2015 to February 29<sup>th</sup>, 2016

2-In the total of these 5 sessions, they met for 13 hours and 51 minutes, which is not enough for a period that is marked with many crises.

3-This is an issue that has to be addressed in the bylaw for the time and day of meetings/sessions of parliament to be organized.

## Second: Government monitoring:

Parliament has not been successful in monitoring government; it was unable to question accountability of the ministers despite of the fact that some ministers have been asked to be questioned by the parliament members. Some parliament members were keen to discuss/address people's issues in the presence of the ministers, they have sent official letter asking for parliament to hold a session for these issues to be raised and discussed. Some parliaments boycotted the session. Parliament didn't hold this sessions since the misters didn't participate. The prime minster announced that without their permiss'[ion no minster is allowed to attend any parliament session.

Table -4-  
**Calling, Hosting and Questioning Ministers by the Parliament**

No	The minister	Calling date	Attendance date	The calling was by	Calling reason	The calling was in accordance with
1	Minister of Finance	8/9/2015	did not attend	a number of parliament members	Salaries crisis	Point (2), 2nd paragraph, article No. 54, amended internal system of KP No.1 (1993)
2	Minister of Natural Resources	8/9/2015	did not attend	PM, Soran Omer	Qar Zebo Factory	Articles No.68 and No.69, amended internal system of KP No.1 (1992)
3	Minister of Natural Resources	14/9/2015	did not attend	PM, Sherko Jawdet	questioning	Articles No.68 and No.69, amended internal system of KP No.1 (1992)
4	Minister of Natural Resources	21/9/2015	did not attend	PM, Izzet Saber	questioning	Articles No.68 and No.69, amended internal system of KP No.1 (1992)

### Notes on Table 4:

In accordance to the Bylaw of parliament (1 of 1992) second point in second part article (2); number of parliament members asked to invite a minster to parliament, but the minister didn't attend. As part of legal procedures (article 69 of the bylaw of parliament), parliament members have asked the Minister of Natural Resources to attend parliament for accountability questioning session through sending three official letters, which was prepared by As at Sabir and Soran Omar.

### **Third: Budget Approval**

In its fourth round parliament was obliged to approve the budget of the years of 2014, 2015 and 2016, but it didn't approve the budget nor reviewing the financial accounting of any of these years.<sup>(1)</sup>

#### **Aim of the Three Main Roles & Responsibilities of These Three Pillars:**

According to the information provided above, we can say that starting from October 12<sup>th</sup> of 2015 parliament has bork down since it couldn't fulfill any its three main roles because the presidency period reached to its illegal phase:

1-Acoording to the law parliament can't issue any law without the final approval from the president; the president stepped in into its illegal phase, which led to the breaking down of the legislative branch of parliament's role.<sup>(2)</sup>

2-While questioning the accountability of any minster, parliament would have still not been able to extract permission from minters without president's approval, which put the parliament in an crucial position since the president stepped in into its illegal phase.<sup>(3)</sup>

3-The changes that has been made by the ministries of council is illegal: withdrawing permission form misnsters on the Change Movement's list, including Peshmarga (Defense), Financial. Industrial and Endowment and Away Affairs Ministries. Resignation of Electricity Misntry's minister, who was on the KUI's list.<sup>(4)</sup>

#### **There had been two approaches to overcome the issues:**

1-Pariliment speaker could have announced filling out presidency's role for a period of 60 days so he could amend presidency and lection law in this 60 days period.

2-Approching the presidency issue could have been dealt with within the political parties first then addressed in parliament.

According to these three main roles of parliament, we can come to a conclusion that parliament members can't fulfill their roles even if the parliament is activated again since the fundamental issue is illegal presidency term.

---

<sup>(1)</sup> Article -79- Parliament Bylaw- states that: first, in November of each year the budget will be sent to parliament. Second, budget-project will be sent to finance committee and parliament affairs committee for discussion.

<sup>(2)</sup> According to law 1 of 2015- Presidency Law of KR-I- in article 10 states that: the laws issues by parliament have to be reviews by president in 15 days. If not approved by president; the president will send it back to parliament to amend it.

<sup>(3)</sup> According to law 1 of 2005- presidency law of KR-I- part thirteen, article 10 states that: dismissal of council of ministries and ministers decision by parliament has to be approved by the president.

<sup>(4)</sup> According to law 1 of 2005- presidency law of KR-I- part thirteen, article 10 states that: dismissal of council of ministries and ministers decision by parliament has to be approved by the president.

## **KRG's Parliament Committees**

Parliament consists of 22 committees; according to the article 37 of the bylaw, each parliament member is take part in a committee of his/her choice. Each committee should consists of minimum 5 members and not exceed 11 members. The role of the committees is to monitor/follow up on government's works and engaging in people's lives to better understand their issues.<sup>(1)</sup>

### **Brief Description of Committees Activities in 6 Months:**

#### **First: Report Writing on Projects:**

Reporting the legal projects. Until now 226 law/guidelines had been directed to parliament. 155 out o these 226 projects has been reviewed and it has been directed to committees. 71 projects hadn't been reviewed yet. Only 18 laws and 7 godliness have been approved.

In a period of 6 months only three committees have prepared reports on the projects:

- Agriculture and Irrigation Committee (report on 1 project).
- Endowment and Religious Affairs Committee (report on 1 project).
- Social Affairs, Children and Families Committee (report on 8 projects).

---

<sup>(1)</sup> According to law -4- of May 7<sup>th</sup>, 2015- the committees were established and its members (18) were selected. Before that, the committees were formed according to law -2- of May 4<sup>th</sup>, 2014.

3-Government not responding to the projects with financial obligations that needs executive decisions

Despite of all the reasons listed by parliament members, most of them are on leave. **One:** in this round of parliament only 6 sessions were held; the sessions were on bylaw of parliament, which was left unfinished. Parliament hasn't been adhering to its bylaw.

**Two:** fourth round of parliament, which is now reaching to its two and 5 months, had only approved 18 regulations while 155 regulations had been studied only once

**Three:** Until now, Parliament hasn't been able to monitor the oil trade; parliament has not received details of the contract of oil trading.<sup>(1)</sup>

**Four:** Some parliament members requested questioning accountability of some ministries so far no ministers have responded to these requests, which shows the fact that government is not adhering to parliament's laws and regulations.<sup>(2)</sup>

**Five:** Since October 6<sup>th</sup>, 2015 no sessions have been held

**Six:** Since October 12<sup>th</sup>, 2015 the parliament's speaker's access to the parliament has been blocked, which is a violation of law.

**Seven:** the parliament committees haven't been actively fulfilling their responsibilities; they haven't monitored the projects that have been approved in 2015.

**Eight:** In the 6 sessions that had been held 114 parliament members didn't attend. 98 of them had asked for permission while 16 of them skipped the sessions without asking for permission.

**Nine:** in this round, no minister took part at any of the sessions held

**Ten:** the committees were responsible for reporting on 362 projects, but only 118 reports had been submitted, which is a violation of the bylaw of parliament.<sup>(3)</sup>

**Eleven:** Parliament had issued 18 regulations and 7 guidelines in 2 years

**Twelve:** Parliament is not playing an active role in addressing the issues facing the region. Parliament's role has been neglected while the law 1 of 2005 states that all the critical issues have to be addressed in the parliament.

**Thirteen:** According to law (4 of 2015) of KRG's constitution- developing preparedness for referendum. The parliament was entitled to take actions in 3 months, which didn't happen.

---

<sup>(1)</sup> Article 42- Bylaw- states that: 1- committees, through the deputy heads of parliament, are entitled to share information with civil society organizations. 2- If the information was not provided, the parliament speaker, through the council of ministries, is authorized to follow up on the situation. In case no response was heard, the parliament speaker has the authority to address this issue in parliament.

<sup>(2)</sup> Article -69- Bylaw-states that: 1- if any member asked for questioning any executive branch's leader, he/she has to ask through an official letter. 2- The parliament speaker will put forward the letter to the executive branch and put it as an agenda point for discussion in a week advanced if it was an urgent situation and parliament members agreed to it.

<sup>(3)</sup> Part 4, article -71- Bylaw- states that: a joint report will be submitted after it is prepared by the legislative committee after 10 days of the submission to the both committees. If it's not an urgent case then it will take 5 days to be represented.

## Outcome

- 1-The issue of presidency's term is the main reason of the region's main issues.
- 2-Parliament has broken down as the result of the presidency's term issue. Parliament can't issue any new regulations, monitor executive branch, not it can approve the budget.
- 3-Violation of law: since October 12<sup>th</sup>, 2015 parliament speakers' access to parliament-Erbil has been blocked.
- 4-the current situation will send negative signals on the democratic and legitimacy of KRG internally and internationally
- 5-breaingdown of parliament leads to distrust of people in the democratic and legitimacy of KRG.
- 6-the committees hadn't monitored nor met during this 6 months; they hadn't fulfilled their roles in preparing and submitting reports.
- 7- Oil trading is one of the main reason of the current crisis; the oil trading regulations has been approved in parliament, but establishing a committee has been freezed as part of disagreements from political parties.
- 8-Government's decision on replacing some of ministers' positions with the once of their choice is violation of law.
- 9-Disregarding parliament's role by political parties.
- 10- Parliament played a week role in monitoring the executive branch; parliament didn't question the accountability of neither the prime minster nor any ministers.
- 11-Non-adherence to parliament's laws and regulations.

## Recommendations

- 1-Re-activating parliament and returning the parliament speakers.
- 2-Addressing the presidency term issue since parliament can't function without a legitimate president in place.
- 3-Joint collaboration from all political parties to ever come all the crisis facing KRG.
- 4-Committees should put their political affiliation aside and start working on addressing the main issues people are facing.
- 5-Parliament should play more effective role in monitoring government.
- 6- Parliament committees should arrange more meetings and prepare reports.

### The Laws:

5. The first amendment law of Demonstrations Organizing law in KRI.<sup>(5)</sup>

7. Law No. 7 (2014), the first amendment act of the General Commission of Integrity Law No. 3 (2011) in the KRI.<sup>(7)</sup>
8. Law No. 8 (2014), the tenth amendment act of the Ministers 'Council of KRI amended law No. 3 (1992).<sup>(8)</sup>

---

<sup>(1)</sup> Just one article from this law has been amended for the next term or the next government cabinet, as it hasn't been implemented.

<sup>(2)</sup> This law is the same previous law but it has been extended for the next two years.

<sup>(3)</sup> Although, there is a supreme council for elections, it has never performed its duties because the necessary resources weren't available and no administrator or employees were reappointed, plus competent administrations haven't been established in the cities. In other words, the law hasn't found a status and has never been implemented.

<sup>(4)</sup> Passing this law has effective influence on preserving the region's budget from being futile and lost by the political parties. However, it was issued by the time KRI was facing the current crisis; so it was difficult to implement it practically. According to this law, the KRG is bonded to pay financial dues from the region's budget to the political parties in accordance with article (7) of law No. 5(2014) that have been practiced since it was published in the official newspaper (Kurdistan proceeding).

<sup>(5)</sup> Two months and nine days after issuing this law, it was rejected by KRI's presidency. And after two months and four days of rejecting it, it was inserted within the Parliament work schedule in session No. 7 on (22/10/2015) when the discussion about it was postponed to the beginning of the next session by KRI's presidency decision No (497-C) on (24/8/2014) that was pointed to the Parliament's presidency. However, the decision was rejected too at the time when it was supposed to be inserted in the work schedule of spring session 2015, but that never happened.

<sup>(6)</sup> Concerning the law of the formal languages, it was passed and approved on in spite of many shortfalls because the Parliament members and the government's representative weren't familiar with the crux of the matter. And now after one year from issuing the law, it hasn't been implemented yet and no party or side or institution was assigned to implement it and follow it up.

<sup>(7)</sup> Within the first reading in session No.2 on (23/9.2014), this law was dealt with in an illogical and illegal way because it was sent directly by the integrity commission and that was incompatible with the parliamentary custom and charter since the integrity commission is not authorized to direct such a law to the parliament. Thus another session No.7 was held on (22/10/2014) when the first reading of the law was done for the second time. In this time, it was directed to the parliament in accordance with the legal number of parliament's members and it was ratified in spite of voices of opposition. However, the KRI's president rejected it but at the end it was finally approved on again.

<sup>(8)</sup> In this law, the portfolio of region's minister (minister without ministry) was added to the ministers' council.

9. Law No. 9, the first amendment act of High Education and Research Ministry Law in KRI.<sup>(1)</sup>
10. Law No. 1 (2015), the law of Halabja's Governorate Administration in KRI.<sup>(2)</sup>
11. Law No. 2 (2015), the law of Kurdistan Fund for Petrol and Gas Returns.<sup>(3)</sup>
12. Law No.3 (2015), the amendment act of carrying out the amended Iraqi Penal Code No.111 (1969) in the KRI.
13. Law No. 4 (2015), the law of Draft Preparation of the KRI Constitution.<sup>(4)</sup>
14. Law No. 5 (2015), Minorities' Rights Protection Law in KRI.<sup>(5)</sup>
15. Law No. 6 (2015), the 2<sup>nd</sup> amendment act of the amended Personal Status Law Implementation No. 188 (1959) in the KRI.<sup>(6)</sup>
16. Law No.7 (2015), Funds Withdrawal by Borrowing Law in KRI.<sup>(7)</sup>
17. Law No.8 (2015), stop work act of the Real Estate Rental Law No.9 (2008) in KRI.<sup>(8)</sup>
18. The Rights and Privileges of Single Parents (of Ethnic Cleansing Victims) Law in KRI.<sup>(9)</sup>

---

<sup>(1)</sup> The high education and scientific research minister was scheduled to attend the discussion meeting for this law to be approved on by the Parliament, yet he didn't attend though he was reported by the Parliament, and that was a clear breach of Parliament's principles. After following up on the thread, it appeared that he didn't attend the session due to the prime minister's order. Though the law was issued and ratified, but no instructions were issued about that and it wasn't implemented.

<sup>(2)</sup> This law is approved but it hasn't been implemented as required yet, plus this administration's devices and departments have never been formed.

<sup>(3)</sup> This law was not implemented. Three months were set to choose the members but that did not happen, and the the members haven't initiated their tasks and no instructions were issued about this law.

<sup>(4)</sup> A consensual law which abridged the freedom of the committees' members. According to this law, the committee should consist of 21 members; however, only 20 members initiated their tasks plus the committees didn't finish their work by the deadline time and the Parliament had to extend their work duration but it didn't.

<sup>(5)</sup> One of the good and civilized laws that will allow the religious and national components in the KRI to exercise their rights if it is implemented.

<sup>(6)</sup> No instructions were issued about this law and it hasn't been implemented so far.

<sup>(7)</sup> Though it was strongly opposed, this law was approved in the regular session No. 3 on (2/6/2015) but in a legal way because the quorum was not complete while discussing and passing most of the articles. Later on, and after a note from the PAY Institute and our follow-up, we asked the Parliament's presidency to return the law back to the Parliament based on the illegality of its approving process. Then the Parliament president did return it and it was voted on again in session No. 155 (16/6/2015), but it hasn't been implemented so far and the ministers' council formally announced to stop borrowing operations.

<sup>(8)</sup> This law includes only one article that states to stop working with the law and defer it for one year.

<sup>(9)</sup> No instructions were issued about this law and it hasn't been implemented so far
